

Priya Mehta

Backend Developer (Node.js / Python)

priya.mehta@email.com • +91 91234 56789 • Mumbai, India • [linkedin.com/in/priyamehta](#)

PROFESSIONAL SUMMARY

Backend developer with 3 years of experience designing and building scalable REST and GraphQL APIs using Node.js and Python. Experienced with AWS services, Docker, and SQL/NoSQL databases.

EXPERIENCE

Backend Engineer — Swiggy

Mar 2022 – Present

- Designed microservices architecture for the order-management service handling 200K+ daily orders.
- Built and maintained REST APIs in Node.js/Express; reduced average response time from 350ms to 80ms.
- Automated deployments using Docker and AWS ECS; achieved 99.95% uptime.
- Wrote comprehensive unit and integration tests using Jest; raised code coverage to 87%.

Software Developer Intern — Infosys

Aug 2021 – Feb 2022

- Developed Python Django APIs for an internal HR management portal.
 - Integrated AWS S3 for document storage and Lambda for scheduled report generation.
-

SKILLS

Backend: Node.js, Express, Python, Django, GraphQL

Cloud: AWS (EC2, S3, Lambda, ECS, RDS)

DevOps: Docker, GitHub Actions, CI/CD

Databases: PostgreSQL, MongoDB, Redis

Testing: Jest, Pytest, Postman

PROJECTS

Order Tracking Microservice

Built an event-driven microservice using Node.js and RabbitMQ that tracks real-time order status. Deployed on AWS ECS with auto-scaling.

Expense Analytics API

REST API in Python/FastAPI for parsing and categorising financial transactions. Reduced processing time by 60% using async processing.

EDUCATION

B.E. in Information Technology — DJ Sanghvi College, Mumbai, 2021
