

Sneha Patel

Data Scientist / ML Engineer

sneha.patel@email.com • +91 93456 78901 • Pune, India • kaggle.com/snehapatel

PROFESSIONAL SUMMARY

Data scientist with 2 years of experience building machine learning pipelines, NLP models, and data dashboards. Proficient in Python, SQL, and cloud-based ML deployment on AWS SageMaker.

EXPERIENCE

Data Scientist — Flipkart

Aug 2022 – Present

- Built a product recommendation engine using collaborative filtering; increased click-through rate by 18%.
- Developed NLP pipeline (BERT-based) for customer review sentiment classification at scale.
- Created automated reporting dashboards in Python/Plotly deployed on AWS EC2.
- Optimised SQL queries on a 50TB Redshift warehouse; reduced ETL runtime by 45%.

Data Analyst Intern — Mu Sigma

Jan 2022 – Jul 2022

- Performed exploratory data analysis on retail datasets using Pandas and Matplotlib.
 - Built regression models in Python to forecast weekly demand; achieved RMSE < 5%.
-

SKILLS

Languages: Python, SQL, R

ML / AI: Scikit-learn, TensorFlow, PyTorch, XGBoost, BERT, LangChain

Data Tools: Pandas, NumPy, Matplotlib, Plotly, Tableau

Cloud / MLOps: AWS SageMaker, S3, Redshift, MLflow, Docker

Databases: PostgreSQL, MongoDB, Amazon Redshift

PROJECTS

Product Recommendation Engine

Collaborative filtering model trained on 10M+ interactions, served via FastAPI on AWS SageMaker. A/B tested against baseline; 18% lift in CTR.

Sentiment Analysis Pipeline

Fine-tuned BERT model for classifying 500K+ product reviews daily. Integrated into Flipkart's review moderation system.

EDUCATION

M.Sc. in Data Science — Symbiosis Institute of Technology, Pune, 2022
